Coronavirus (COVID-19): latest information and advice [Click Here](#)

Head Teacher's Message

Dear All

We continue to rethink and reinvent how we can teach and provide the children with learning experiences under the restrictions of Lockdown; teachers are constantly considering challenges such as how to organise a safe and socially distanced "clear up" after an art session and we try to predict where the Government Guidance is going so that we can be proactive and plan rather than just being reactive.

However, some aspects over the last few weeks have been unpredictable and I am aware that many of you have responded to the information coming out and changed your mind wanting your children back in school. At which point – we have full Bubbles and no capacity to expand.

I share your frustration and I appreciate your understanding when the outcome has had to be negative. We are all so pleased when a child returns to school, I have been constantly reminded of the parable of the "The Lost Sheep".

We are looking forward to seeing the children we have been missing rejoining us for their two days transition in the week commencing 13th July.

A reminder that we do not expect children to wear uniform that week; they may choose to wear it but the need is only for comfortable clothes and appropriate footwear. We are not changing for PE in current circumstances.

We will also provide work online so that the children have work going into the next week and there will be some optional activities for the Summer.

Reports will be issued via Tapestry at the end of next week, so if you are not using Tapestry and have a device to do so please activate your account. Where there are specific problems re devices we are not aware of please contact us for another route.

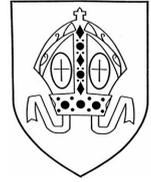

This week our Year 6's have completed their production which the rest of the school will see in their Bubbles and will hopefully be shared with their friends and family. We are grateful for the return of our Chaplain, Jean Elliot who has helped them with their pilgrimage experience. Not the usual Bradwell trip, but the Cathedral grounds provided an excellent alternative experience!

Kind regards

Linda Wiskin
